

## TOK to Transfer its Printing Material Business to Kodak

TOKYO OHKA KOGYO CO., LTD. (headquarters: Nakahara-ku, Kawasaki-shi, Kanagawa-ken, Japan; president: Yoichi Nakamura; hereafter, TOK) would like to announce that on November 19, 2010, the board of directors passed a resolution to transfer the company's printing material (relief plate) business to Eastman Kodak Company. (Japan headquarters: Chiyoda-ku, Tokyo; hereafter, Kodak).

TOK and Kodak reached an agreement on November 19, 2010 that TOK will transfer substantially all its printing material (relief plate) business to Kodak.

Both TOK and Kodak are delighted with this agreement as this transfer will contribute to the growth of the two companies in future.

As part of the company's printing material (relief plate) business, TOK produces and markets flexography, letterpress, Braille, molding plate products, and other products. TOK's Yamanashi Plant, in which printing materials (relief plates) are produced, will also be transferred to Kodak.

"We are delighted by this opportunity to add TOK's talented employees to our existing team for the benefit of our customers and shareholders," said Douglas Edwards, Kodak Vice President and General Manager, Prepress Solutions.

"Kodak is the ideal recipient of our business because they are committed to grow their business. As a result, this will benefit our customers and employees," said Yoichi Nakamura, TOK president.

### About Kodak

As the world's foremost imaging innovator, Kodak helps consumers, businesses, and creative professionals unleash the power of pictures and printing to enrich their lives.

### About TOK

TOK is a world-leading supplier of photoresists for semiconductors, flat panel displays, printed wiring boards and packages. TOK also supplies photolithography materials, processing equipment for LCDs, and inorganic and organic high purity chemicals.

Additional information about TOK is available at [www.tok.co.jp](http://www.tok.co.jp).
