# 1. Qualitative Information on Consolidated Financial Results for the First Three Months of the Fiscal Year Ending December 2023

## (1) Explanation about Operating Results

During the three months ended March 31, 2023, the global economy continued to be on a gradual recovery trend overall, despite factors such as prolonged U.S.-China trade friction, COVID-19, the situation in Russia and Ukraine.

Under these circumstances, the Group has made an all-out effort to promote the company-wide strategies set out in the “tok Medium-Term Plan 2024,” a three-year medium-term plan ending in FY2024.

In the Group’s business, net sales decreased year on year due to a decrease in demand for PCs and smartphones as well as slowdown in growth of the data server market, resulting in a decline in sales of electronic functional materials and high-purity chemicals.

As a result, for the three months ended March 31, 2023, the Group recorded net sales of ¥38,463 million (down 2.9% year-on-year), operating income of ¥5,392 million (down 22.3% year-on-year), ordinary income of ¥5,762 million (down 20.3% year-on-year), and profit attributable to owners of parent of ¥2,157 million (down 56.6% year-on-year).

Following the transfer of the Equipment Business (excluding certain parts) to AIMECHATEC, Ltd., we operate the Material Business as a single business segment from the three months ended March 31, 2023. Accordingly, operating results by business segment is not disclosed, but net sales by division are as follows.

Net sales in the Electronic Functional Materials Division amounted to ¥20,437 million (down 4.1% year-on-year), in the High-Purity Chemicals Division amounted to ¥17,454 million (down 2.5% year-on-year) and in other divisions amounted to ¥570 million (up 53.6% year-on-year).

## (2) Explanation about Financial Position

### (Assets)

Total assets as of March 31, 2023 decreased by ¥935 million from December 31, 2022 to ¥237,140 million.

Total current assets decreased by ¥1,612 million mainly due to a decrease in notes and accounts receivable - trade of ¥4,669 million, despite an increase of ¥2,002 million in cash and deposits.

Total non-current assets increased by ¥677 million mainly because investments and other assets increased by ¥2,020 million due to fair value measurement of investment securities despite a decrease in property, plant and equipment of ¥1,317 million due to depreciation.

### (Liabilities)

Total liabilities as of March 31, 2023 decreased by ¥979 million from December 31, 2022 to ¥56,135 million mainly because notes and accounts payable - trade decreased by ¥2,134 million despite an increase in provision for bonuses of ¥1,253 million.

### (Net assets)

Total net assets as of March 31, 2023 increased by ¥44 million from December 31, 2022 to ¥181,005 million mainly because valuation difference on available-for-sale securities increased by ¥1,432 million due to fair value measurement despite a decrease in retained earnings of ¥1,158 million due to dividend payments.

As a result, the equity ratio as of March 31, 2023 stood at 71.7%.

#### **(Additional Information)**

##### **(Transaction to grant the Company's shares to employees, etc. through a trust)**

Based on the resolution at the Board of Directors meeting held on August 7, 2019, the Company introduced "Trust-Type Employee Stock Ownership Plan" ("Plan") with an aim to enhance the Company's welfare program as well as to improve its medium- to long-term corporate value by providing employees with incentives for an increase in stock prices.

##### **(1) Overview of the transaction**

The Plan is an incentive plan for all employees in the "Tokyo Ohka Employees Stockholding Association" ("Stockholding Association"). Under the Plan, the Company sets up the "Tokyo Ohka Employee Stockholding Association Trust" ("Stockholding Trust") at a trust bank, and the Stockholding Trust purchases in advance the number of the Company's shares expected to be purchased by the Stockholding Association over five years from the date the trust is set up and sells the shares to the Stockholding Association every month on a certain date. Any gains on sale of shares accumulated in the trust upon expiry of the Stockholding Trust will be distributed as residual assets to those satisfying the beneficiary eligibility requirements. As the Company provides guarantee for the loans payable made by the Stockholding Trust to purchase the Company's shares, the Company is liable to pay the outstanding balance of the loans payable, equivalent to loss on sale of shares accumulated in the Stockholding Trust due to a decline in stock prices, upon expiry of the Stockholding Trust.

The Plan aims to improve our medium- to long-term corporate value by providing employees with incentives for an increase in stock prices and also to support employees' asset building as a measure to enhance our welfare program by promoting purchase and holding of shares through enhancement of the Stockholding Association.

##### **(2) The Company's shares remaining in the Trust**

The Company's shares remaining in the Trust are recorded as Treasury shares in Net assets at the carrying amount at the Trust (excluding ancillary expenses). The carrying amount and number of treasury shares as of December 31, 2022 and March 31, 2023 were ¥643 million and 154 thousand shares and ¥615 million and 147 thousand shares, respectively.

##### **(3) The carrying amount of the loans payable recorded under the gross method**

FY12/22	¥222 million
First three months of FY12/23	¥222 million

**(Revenue Recognition)**

1. Information about net sales, income/loss for each reportable segment

2. Changes, etc. in reportable segments

Previously, the Group had two reportable segments of “Material Business” and “Equipment Business,” but it operates the Material Business as a single business segment from the three months ended March 31, 2023.

The change was made based on the review of the segmentation conducted after the Company’s Equipment Business (excluding certain parts) was succeeded to our wholly owned subsidiary Process Equipment Business Split Preparatory Co., Ltd. (“Split Preparatory Company”) through an absorption-type company split and the shares of the Split Preparatory Company were transferred to AIMECHATEC, Ltd. effective March 1, 2023.

As a result of this change, the disclosure of segment information for the three months ended March 31, 2022 and 2023 is omitted.
